SPECIFIC RULES

🗟 Punctuality

Learners are expected to arrive at school prior to the first bell. They must be in their classrooms punctually and move quickly from classroom to classroom between periods.

Learners are expected to be present at the lesson venue when the second bell rings to mark the start of the lesson.

They may not leave at the end of the day until they are dismissed by the educator following the final bell.

A learner who is late for school must report on arrival.

Absence from School

Only a good reason, endorsed by a parent, will be accepted for a learner's absence from school. The reason must be presented in writing on the day of the learner's return. If a written absentee note is not available for any reason, the returning learner must report to the Deputy/HOD in charge of registration on the morning of his/her return. Any learner caught forging an excuse note or parent who colludes will be dealt with as fraudulent conduct.

Absence from an examination, control or any test/oral/practical must be accounted for by a medical certificate.

This applies to all internal examinations, at half-year and at the year's end, as well.

👶 Out of Bounds

No learner may leave the school grounds after his/her arrival in the morning without permission from a member of the school Management. This includes breaks. Normally learners will not be permitted to go home for lunch, and certainly not without written parental request.

Classrooms and school buildings will normally be out of bounds during breaks, and learners may not enter them without permission either before or after school.

School Management will determine from time to time which other areas of the school building should be out of bounds at various times.

Learners may not enter the following rooms without supervision and/or permission: staffroom, committee room, staff offices, the library, A.V. room, the team-teaching room, laboratories, workshop, computer room, printing room, staff toilets.

Founders House (the Boarding Establishment) is out of bounds to all but boarders. Day-scholars must seek permission, from a member of the Resident Staff, before entering.

The bicycle parking area, and that used for the parking of motor-cycles is out of bounds to all learners who are not actually parking their cycles, or preparing to leave.

The Car parks are out of bounds, except for learners who may park cars there with permission from the Deputy Principal.

Swimming Pool is out of bounds – unless supervised by a member of staff or official school representative.

All change rooms are out of bounds except when being used for the purpose of changing.

Corridors - learners are not allowed on corridors during lessons unless carrying the required teacher card.

Other areas of the school premises, such as parts of the fields etc, which are out of bounds during school breaks, will be made known from time to time.

Learners may not use the Administration or Hall foyer as an entrance to or exit from the school.

No visitors may be on corridors without a visitor's card – they must report to the foyer in the first instance. No visitors in vehicles may interact with learners during school hours.

Indecorous Behaviour

The consumption of alcohol or drug abuse – No person may bring alcohol or an illegal drug onto school premises, or have such a drug in his or her possession on the school premises or during any school activity. The Principal or his or her delegate may at random administer a urine or other non-invasive test to any learner or learners that are on fair and reasonable grounds suspected of using illegal drugs or alcohol. (Illegal drug – any unlawful substance that has a psychological or physiological effect).

Smoking is not permitted. Learners will be assumed to be guilty of smoking if there is evidence that they have been doing so. The possession of cigarettes, lighters etc, or the smell of smoke on the breath, will be considered as ample evidence. The Principal or a delegate may, at random, search any learner, group of learners, or the property of a group of learners for any or illegal substance, if fair and reasonable suspicion has been established. Consumption of prescription drugs without parents consent is also prohibited.

The use of bad language is not permitted.

Chewing of Gum is not allowed.

Other indecorous actions, such as spitting, will be regarded as serious misconduct.

The possession of any books, pictures or magazines which are considered 'dirty' in a sexual way, or satanistic, are not allowed, nor is it permitted to have similar offensive decorations on bags or books. This includes cell phones and on school computers.

Fighting is not permitted. Violence will not be condoned in the school and the bringing on to the school premises, or the use of, weapons of any description will be regarded as a serious offence.

Hitch Hiking or caging of lifts is prohibited. Likewise loitering at intersections is discouraged. Learners should get lifts from designated laybyes.

💄 Dishonesty and Theft

Theft, whether in or out of the school, will be regarded in a very serious light. It is expected that learners hand in lost property. Being in possession of lost property or the property of others without their consent can be interpreted as theft.

Learners are expected to tell the truth at all times.

Unacknowledged copying of the work of other authors be it from a text or the internet is considered plagiarism – a crime punishable by law.

- Littering is not permitted.
- Learners may not engage in any action which may result in damage to property.
- Eating is not permitted in the library, A.V. room, hall, team-teaching room or classrooms.
- Learners are expected to read notice boards regularly. Such notices, together with assembly or other announcements, will convey information. Ignorance, owing to lack of attention, will not be accepted as an excuse.
- Public address announcements, made each day, are to be attended to. Learners are expected to stand still and listen.
- The possession of any article considered to be dangerous is not permitted. (Includes explosive objects, firearms, any article that can cause harm.)

10.1 The Principal or a delegate may at random search any learner or group of learners, or the property of a group of learners for any dangerous object if there is fair and reasonable suspicion.

🐯 Cycles/Motor Cycles/Motor Cars

Only licensed vehicles are permitted on school property. These must be driven in a responsible way on the school premises. Vehicles must be driven at a slow speed. Reckless driving (speeding, wheel spinning etc.) endangers learners and is not allowed. Learners who encourage others to behave in such a manner will be considered complicit.

Entry to the school must be effected through the road adjacent to Founders' House. Only matrics may use the main pedestrian entrance.

Learners who bring motor cars, motor cycles or cycles to the school must have valid drivers' licenses. Any cars driven by learners must be registered with the Deputy Principal.

The school cannot accept any responsibility for any theft of or damage to motor cars, cycles or motorcycles. They should be locked at all times.

韙 🛛 Behaviour on Corridors, Staircases and in Quads

Learners are not permitted to shout, sing, run or whistle on the corridors. They are expected to move quickly and in an orderly fashion to where they need to be. Learners are not to congregate on corridors, stairs or in quads between lessons. Once the bell indicating the beginning of a lesson has rung, there is to be silence on the corridors until the end of the lesson.

No learners are to be on the corridors during a lesson unless they have the specific permission of an educator to be out of the classroom. In such cases they must carry proof of such permission with them.

Learners are expected to stand aside in order to allow adults who are on the corridors to pass.

Second Se

Learners are expected to remain silent once an assembly, production or presentation has commenced. Conversations are not permitted during assemblies, productions or presentations.

Applause should be appropriate. Booing, hissing, whistling, loud laughter, comments or any form of mockery are not acceptable.

Learners should not pass comments on what is said by the speaker or actors on such occasions.

1. No learners may trade/sell any item/or items on the school property without the consent of the Principal.

BUNISHMENT

While punishment is the sanction and deterrent in any Code of Conduct, rehabilitation, remediation counselling and support measures will also be available to a learner involved in disciplinary proceedings.

Such support measures may be imposed as mandatory should the learner not request help. Such measures may include compulsory attendance of a rehabilitation course or psychological evaluation. Parents permission will be sought for the latter. Failure to co-operate in rehabilitative measures will be viewed as tacit disregard for the Code of Conduct.

- 1. Two types of punishment will be imposed.
- 1.1 Impositions

These may include:

- a) Extra homework
- b) Detention (after school) including Fridays
- c) Graft Party (during, or after, school)
- d) Other written impositions
- e) Some form of `community service' within the school

Impositions will usually be constructive, either for the learner or for the school. They will relate to academic infractions and other instances of misconduct which would be appropriately punished in this way. `Trivial' offences will be dealt with by imposition, although this form of punishment may sometimes be imposed for `non-trivial' offences, as well.

Failure to carry out an imposition will be regarded as disobedience and dealt with accordingly.

`Trivial' offences may become `non-trivial' if they are repeatedly and/or deliberately committed.

1.2 Suspension

This is the most serious form of punishment. Subject to the South African Schools Act and any applicable provincial law, the governing body of a public school may, after a fair hearing, suspend a learner from attending the school -

- 1) as a correctional measure for a period not longer than one week; or
- 2) pending a decision as to whether the learner is to be expelled from the school by the Head of Department.

It would be the responsibility of a learner receiving suspension to complete any work and notes missed during that period of time, according to the arrangements made by the school for the learner to be able to proceed with the learning programme.

1.3 Steps leading to expulsion

- Investigation A
- Tribunal Hearing

Recommendation to Head of Department for Education K.Z.N.

2. Parental Role

Parents will be informed of their child's misdemeanours at school if they are considered serious and, therefore, the sort of thing that responsible parents would need to know. Suspensions are never done without reference to parents.

It is hoped that parents will support the school and its disciplinary methods and procedures in the knowledge that

- a) the Principal and those to whom authority has been delegated, have the right in terms of regulations to impose punishment thought by them to be fair and reasonable;
- b) the correction of an errant learner is warranted;
- c) the school's reputation is an important consideration;
- d) the imposition of appropriate punishment serves as an example to others and is vital in the maintenance of standards and values;
- e) it is acknowledged that punishment is not a pre-requisite for the maintenance of discipline, but it is a significant factor;
- f) fairness is a conscious objective, but not always achieved no matter how hard one may strive for it;
- g) punishment is imposed objectively as a consequence of the offence committed and is not subjectively directed against a personality.

Parents are expected to show interest in their child's progress, attend meetings and support.

3. List of offences / misconduct deserving of a Written Warning, Suspension or Expulsion.
